

Maximize Your Investment in eMoney

eMoney Accelerate is an in-depth consultative engagement led by our team of tenured and CFP® certified eMoney specialists. By providing a detailed assessment of your practice and clear recommendations for success, Accelerate enhances your use of the eMoney Platform, helping your team transition smoothly on to the system while providing the resources to effectively incorporate interactive financial planning into your business.

Create a Plan for Success

Establish scalable, repeatable, and interactive processes for your team.

Improve Advisor Workflows

Increase efficiency by customizing workflows within eMoney.

Grow Your Business

Expand into adjacent markets by configuring the technology to help you serve new and existing segments.

Deepen Client Relationships

Deliver an engaging client experience through interactive financial planning.

How It Works

DISCOVER

eMoney's team of experts works with your stakeholders to understand your unique needs, goals, and roadblocks.

CREATE

Based on your needs, our team creates a custom playbook of business processes to optimize your use of eMoney.

DELIVER

Our experts join your team onsite to ensure optimal platform usage across your firm.
